

**INSTITUTE FOR STEM CELL SCIENCE AND REGENERATIVE MEDICINE**  
**(an Autonomous Institute of the Department of Biotechnology)**  
**GKVK Campus, Bellary Road, Bangalore-560065**

**ADVERTISEMENT NO. inStem/04/2021**

The Institute for Stem Cell Science & Regenerative Medicine ([www.instem.res.in](http://www.instem.res.in)), Bangalore is an autonomous institute of the Department of Biotechnology, Government of India. inStem's mandate is to establish collaborative research programs in the field of stem cell biology, regeneration and repair in development and disease and with translational emphasis. In order to develop strengths in focused areas, research at inStem is programmatic, and is driven through collaborative inter- disciplinary themes, addressing questions, which are beyond the scope of a single laboratory.

The Institute has openings for the Faculty appointments at the level of Scientist G/Professor in the following areas: **Cardiovascular Biology & Disease; Inflammation & Tissue Homeostasis; Brain Development & Disease Mechanisms; Integrative Chemical Biology**. Details on the ongoing research in these themes is available on the website (<https://www.instem.res.in/>).

The Institute invites Online Applications from eligible and interested candidates for the vacancy under Scientific Cadre on Direct Recruitment failing which by Deputation/Absorption. Applications must include a well-articulated research plan that closely aligns and synergises with ongoing research in the themes, accompanied by a cover letter articulating the same. This is a scientific leadership position, and applicants are encouraged to engage with theme coordinators as they develop their research plans. Direct alignment of the applicant's research program with a theme is a key criterion for consideration of applications. Thus, applicants are encouraged to contact the theme coordinators and institutional leadership to ensure their alignment with the goals of the theme. Interdisciplinary and collaborative research is expected

inStem Investigators are expected to apply for grant funding but in the first instance, initial support is provided. The candidate should be leading an internationally recognized laboratory and should have mentored PhD students, competitive postdoctoral fellows and also have accomplishments in advancing institutional goals and service activities.

**Important Note: Only online applications will be accepted. Applications received through any other mode shall stand rejected automatically.**
