

विज्ञापन संख्या/Advertisement No. inStem/Temp/42/2025

The Institute for Stem Cell Science & Regenerative Medicine (www.instem.res.in), Bangalore is an autonomous institute under the Department of Biotechnology, Ministry of Science & Technology, Government of India. BRIC-inStem's mandate is to establish collaborative research programs in the field of stem cell biology, regeneration, and repair in development and disease, with an emphasis on translation. To develop strengths in focused areas, research at BRIC-inStem is driven through collaborative interdisciplinary teams, addressing questions that are beyond the scope of a single laboratory.

BRIC-inStem invites applications (online) from eligible candidates for various contractual positions under various projects funded by the ICMR, and DBT. We are looking for dedicated professionals who are result-oriented, can assimilate, analyze and communicate data effectively and are excellent team players capable of working in a fast-paced, multi-disciplinary environment.

Post Code, Post Name & Monthly Emoluments	No. of Post & Age limit	Qualification & Experience	Job Description
Post Code- ICMR/PS- I/ Dhan lab Project Research Scientist – (Non - Medical) -I ₹.56,000/m + 27% HRA	No. of Post - 01(one) Age Limit -35 years	Essential Qualification First Class Post-Graduate degree Desirable Qualification: Prior experience in molecular and cellular biology research AND/OR Experience in next generation sequencing analysis	<ul style="list-style-type: none"> Develop, optimize and validate stem cell derived organoids and functional characterization AND/OR NGS data analysis Excellent teamwork skills and the ability to work in a fast-paced, multi-disciplinary team
Post Code- DBT/PA-II/Dhan lab Project Associate- II ₹.35,000/m + 27% HRA (Net Qualified) ₹.28,000/m + HRA (Non-Net Qualified)	No. of Post - 01(one) Age Limit -35 years	Essential Qualification Master's Degree in Natural or Agricultural Sciences / MVSc or bachelor's degree in Engineering or Technology or Medicine from a recognized University or equivalent & 2 years of experience in research and development in Industrial and Academic Institutions or Science and Technology organisations and Scientific activities and services. Desirable Qualifications: Prior experience in molecular and cellular biology research AND/OR Experience in next generation sequencing analysis	<ul style="list-style-type: none"> Perform research requiring cell biology techniques including cell culture, transfection, Microscopy, and cell-based assays Generate and characterize patient derived stem cells lines Regular data analyses, project updates, literature surveys and presentations on the target

Tenure: Contractual appointment for 11 months, renewable based on requirement and review of progress and requirement of the Grant.

Mode of Applications: Only online applications will be accepted. Applications received through any other mode shall stand rejected automatically.
