<u>Advertisement about open positions for COVID19 Bioresource</u>

COVID19 testing laboratory and Biorepository
Location: Institute for Stem Cell Science and Regenerative Medicine (inStem)
DBT funded grant on COVID19 Bioresource

1. Technical Assistant -One

The selected candidates will work (under supervision) in different modules of the testing laboratory and linked biorepository, based on requirements. Responsibilities include (but are not limited to): receipt and documentation of donor samples (NPS/OPS swabs, saliva, blood, feces, etc.), aliquoting, processing and testing of samples for COVID-19, maintaining database of testing results and inventory of archived samples, and assisting with the distribution of samples for approved projects. The COVID-19 laboratory has a 6-day week. The initial appointment is for one year, renewable depending on performance review and availability of funding.

Qualifications

Technical Assistant: One position
BSc/ Three-year diploma in Engineering and Technology: 20,000/- + 24% HRA

Preference will be given to applicants with experience in R&D diagnostic laboratories in the clinical or industry setting and previous experience working with databases and excel spreadsheets

Last date for receipt of applications: **October 1, 2021**.
Applications should be submitted online with a one-two page curriculum vitae (CV) with their name, current address, telephone (mobile) contact and current email ID. The CV should include information on educational qualifications and **relevant** work experience.

Shortlisted applicants will be interviewed via electronic mode. Appointment will be contingent on medical certification by the campus medical centre. Accommodation is not provided.

No selection will be made if suitable candidates are not identified.

All communication will be via e-mail from estt@instem.res.in
