**Sub: Announcement regarding Skill test for Management Assistant and Junior Management Assistant examination-reg**

The institute through a recruitment agency had conducted the Computer Based Test (CBT) and Skill test for the posts of Management Assistant and Junior Management Assistant on 28/08/2021 and 05/09/2021 respectively.

The CBT which **forms the basis of merit for selection** had been conducted without any issues.

However, technical glitches / practical issues in the conduct of the skill test across Centres were noted. The difficulties faced in the skill test has also been brought to the attention of the institute by candidates.

Considering this fact, it has been decided in the interest of fairness and transparency to re-issue the Skill Test (being qualifying in nature), for those candidates who score above the cut off percentages in the CBT.

The details of the skill test for eligible candidates will posted on the institute's website link <https://www.instem.res.in/jobportal/others-notifications>

**Head, Administration**
